Tel: +44 (0)115 977 6999 Fax: +44 (0)115 977 6850 Email: info@abm-uk.com Web: www.abm-uk.com

ABM is pleased to announce that it will be exhibiting at the annual Versadex Users Conference which, this year, is being hosted by the Austin Police Department, Texas. The conference, which runs from 27<sup>th</sup>-30<sup>th</sup> September, brings Versadex users from around the United States to discuss latest developments in law enforcement and best practice, covering issues such as electronic reporting, records management, crime analysis, gang crime and mobile technology.

ABM will be participating in the suppliers' showcase, giving delegates the opportunity to see some of the world's most advanced technology for managing various areas of policing. ABM is particularly pleased to be presenting its covert policing management suite, abmpegasus, which aims to improve legislative compliance and operational efficiency in the high-risk areas of confidential informants and witness protection.

For more information about the conference, visit <http://www.versaterm.com/conference/conf2009/conf2009.html> or <http://www.ci.austin.tx.us/police/versadex.htm>
